## From Magelang

Felicia Indah Setianingrum is in her second year of SMA in Magelang.

Felicia is a first-year recipient of partial funding from JFI. We interviewed her last February while visiting Indonesia and she said, "I am happy with this help because with it I can continue my schooling. I am happy because I can receive some help from Jaredita.

"I am happy because of this I am helping my parents. If I don't have the help from JFI, maybe I cannot continue my schooling in SMA."

## What is JFI?

The Jaredita Foundation Inc (JFI) is a 501(c)(3) non-profit organization named in honor of Jaredita—beloved daughter of Steffi and Subandriyo.

Jaredita passed away in 2007 after one year of schooling at BYU-Hawaii and just weeks before she planned to enter BYU-Provo. Jaredita had a love of learning and a love for the children of Indonesia. The purpose of JFI is to help young Latter-day Saint children and young adults get an education. With the help of in-country facilitators

**Eleven-Year Expenditures**

## An Accounting

By Chuck Lambson

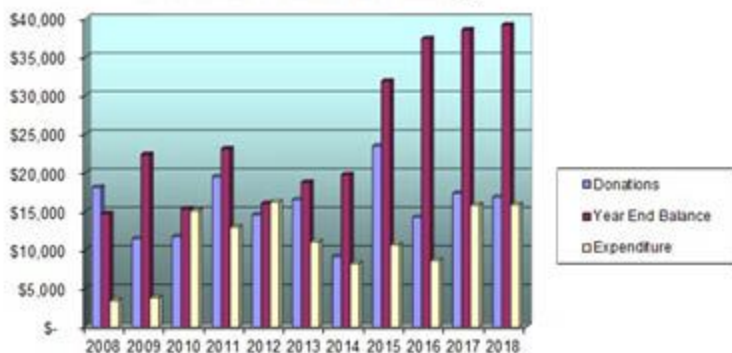

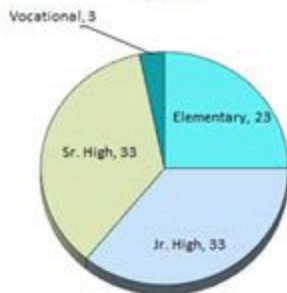

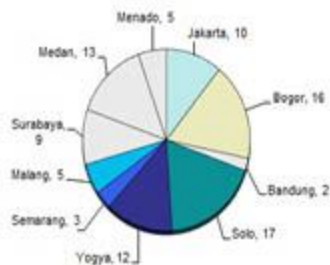

The 2018 donations totaled \$16,833, down slightly from the previous year. Of that amount, \$13,983 was received from donations outside of Indonesia while \$2,850 was donated from within Indonesia. Total expenditure was \$15,837, almost exactly the same as the previous year.

Ninety two students were assisted by the Jaredita Foundation in 2018 which is three more than the previous year and is the highest number of students assisted by JFI since it was founded. The current balance remains healthy, at \$39,146, which will allow JFI to assist an equal or greater number of students in the coming year.

The board of JFI would like to thank all of the donors for your continued support as together we brighten the future of the rising generation through education.

Because JFI is an all-volunteer organization, nearly all of the money donated goes to payment of educational expenses of the students being assisted. Only \$287 was spent on administration in 2018. Administration costs include expenses such as bank fees, wire transfer fees, printing costs and the like.

Students assisted by JFI apply and are officially accepted into the program before aid is provided. The program pays the student expenses directly.

(all are returned missionaries), children who are not able to attend school because their families cannot afford tuition, books and uniforms (about \$11-15 per month) will be offered financial assistance to pay for primary and secondary schooling. Payments are made directly to the schools. In most instances the fund will pay for half of the school cost with the family paying the other half.

## Subandriyo's Latest

By Joshua Subandriyo

I believe that one of the contributing factors to my career is English, therefore I always want to help young people to learn and hopefully get their proficiency in English.

I looked for ways to make my dream come true. I had worked with couple missionaries, young missionaries, returned missionaries in getting it done. I wanted to do it myself upon my retirement.

I specifically wanted to teach young people who don't have money to pay good a English teacher.

On July 23th, 2018, I started teaching English as volunteer at Master high school in Depok, West Java, about an hour from Jakarta. The school is dedicated for poor families, it is free. I love and enjoy what I am doing.

Chad Emmett asked Subandriyo to provide a report of his retirement job of being a volunteer English teacher. Emmett said: "This is a good example of a member of the board helping to further the education of needy children in Indonesia."

## Recipients Report:

JEAP assistance is very helpful for the smooth running of my child's school, Cahya Bintang. Also motivates her to study hard and makes us not worry about school fees. Thank you JEAP. [Cahya Bintang's parents]

*Cahya Bintang*

*Marvin and his four siblings*

*Dheraya*

With our circumstances, as factory employees, JEAP assistance for Dheraya is very helpful, because transportation are also considerable cost and JEAP assistance encourages our children to study hard in order to keep getting these funds. Thanks to JEAP funders and administrators, we are very blessed. [Dheraya's parents]

The benefits of JEAP assistance are that our son can meet his learning needs, and he is responsible for studying hard. [Marvin's parents] Note: Marvin has 4 siblings, his father and mother work odd jobs.
