

Dearest JEAP Trustees,

I thank you all for your help and love. On 23 April 2013 I was inaugurated and awarded Bachelor's of Law. It was truly a blessing for me to be able to attend a tertiary education. I thank you for all your prayers and help. Without your love and help, I would have not experienced how to be a university student, gained more knowledge and increased my self-esteem.

I have found a job in Ciamis but for a month I'll be stationed in Tunjungan, Surabaya. There is no Church in Ciamis and I miss our Church. I did go to different church because the Branch Director of my company was a clergy.

I always try to be close to the Lord. I do hope to improve my life, my family's life as well as helping other people because of the education and the job I have. I want to return your kind favour to me to other people.

May the Lord bless me and those who love me that I can be a good example, a good young woman whom God loves and hold to the principles of the Church. It is my hope that we will have a better life and that our lives are blessed. I know that the Lord is always with us as long as we are faithful and keep His commandments. I hope I can help my younger brothers and sisters so they too can experience the similar education I received.

Once again, thank you all for your help, love and prayers. I will share with you the transcript later because I will get it on 26 May.

With love,
Fitri
