

Loan Manasye

Ucapan Syukur ...

Dari Solo, Loan Manasye:

I am very happy for the assistance given me. As long as I have received assistance from JEAP (Jaredita Educational Assistance Program, previous name of JFI), I have always strived to get good enough grades and I have gotten A's. I have always been blessed by the Holy Ghost to complete my school assignments.

I am happy because my hard efforts have not been in vain. Through these efforts I have not disappointed JEAP. I am very grateful for the support of JEAP so that I can continue my schooling and continue studying. Thank you JEAP for everything you have given me.

Usman Mendrofa

Dari Medan, Usman Mendrofa:

I am grateful for the assistance given me from JEAP to assist me in continuing my education and lightening the burden of my parents for my educational funds.

I testify that these funds assist Heavenly Father's children obtain education in accordance with their desires and they become closer to Heavenly Father. I am grateful for JEAP.

Dari Medan, Maslin Manalu:

As long as I received help from JEAP, me and my parents feel assisted in fund-

JFI & PEF: Tujuan yang Sama

*By Ricky Pudja Mak,
Juswan Tandiman and Chad Emmett*

The Perpetual Education Fund (PEF) began serving students in Indonesia in 2005.

This program is administered through The Church of Jesus Christ of Latter-day Saints and was established to provide educational loans for post-secondary education. It has administered in Indonesia since 2012/2013 as part of Self Reliance Services (SRS).

Currently there are 50 students from Indonesia in the worldwide-program. Fourteen students have already paid off their student loans in full. Since 2014, the PEF loan program has been revised with a lot of incentives for the participants.

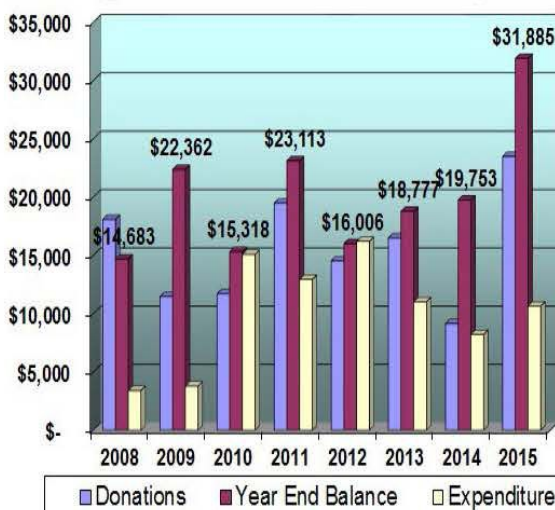

If students keep their commitments and study hard they are rewarded with a 40 percent reduction of their total loan. This means they only need to pay back 60 percent of what they received.

The Jaredita Foundation, Inc., was established as a non-profit NGO in 2009 to provide educational support for elementary and secondary students in Indonesia.

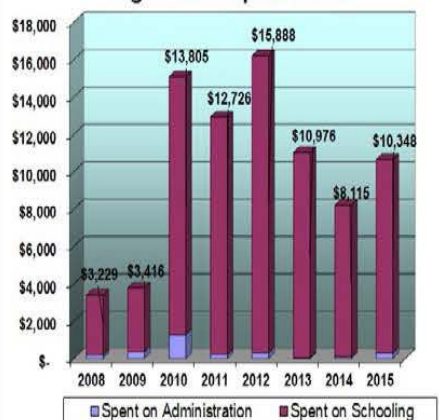

JFI is not affiliated with the LDS Church, but one of its goals is to make it possible for children to graduate from high school so that they can then continue their education and, if needed, apply for PEF assistance.

Together JFI and PEF assist the youth of Indonesia in reaching their education goals.

Eight-Year Financial Summary

Eight-Year Expenditures

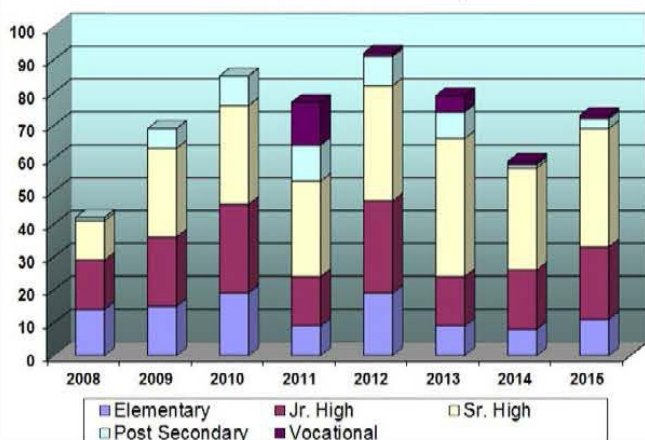

The 2015 donations totaled \$23,477 which is the largest single-year total for the 8 years of operation of the Jaredita Foundation. Of the 2015 amount, \$19,910 was received from donations outside of Indonesia while \$3,576 was received from within Indonesia. Expenditure in 2015 totaled \$10,651.

This is up from the previous year mainly due to an increase in the number of students assisted. 73 students were assisted by the Jaredita Foundation in 2015 compared to 59 students assisted in 2014. The year-end balance increased significantly in 2015 because the increase in donations outpaced the increase in students assisted.

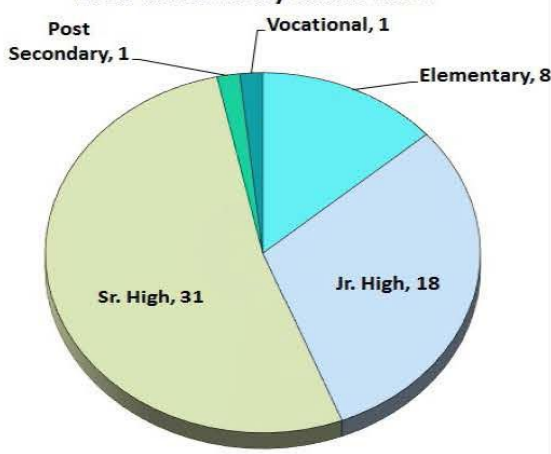

The current balance is nearly 3 times the amount of the 2015 expenditure indicating a very healthy condition for the fund and presents an opportunity for the organization to reach out to more families in need of assistance for educating their children.

The board of JFI would like to thank all of the donors for your continued support as together we move forward in our efforts to brighten the future of the rising generation of Indonesian saints through education.

Students Assisted by JFI

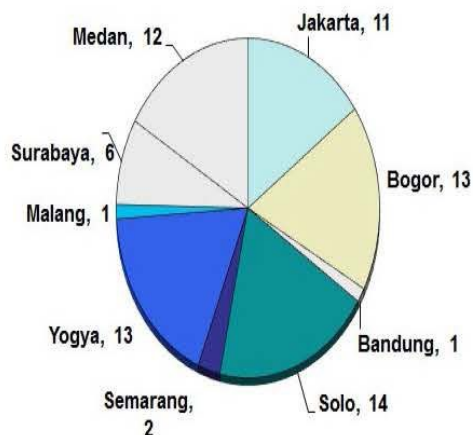

2015 Students by Grade Level

The pie charts show where the students being assisted by JFI are located and the number of students by grade level that were assisted in 2015. We thought you might be interested to know the geographical distribution of the students since many of you have been to these locations.

About the Jaredita Foundation, Inc.

The Jaredita Foundation Inc (JFI) is a 501(c)(3) non-profit organization named in honor of Jaredita—beloved daughter of Steffi and Subandriyo. She passed away in 2007 after one year of schooling at BYU-Hawai'i and just weeks before she planned to enter BYU-Provo. Jaredita had a love of learning and a love for the children of Indonesia.

The purpose of JFI is to help young Latter-day Saint children and young adults get an education. With the help of in-country facilitators (all are returned missionaries), children who are not able to attend school because their families cannot afford tuition, books and uniforms (about \$11-15 per month) will be offered financial assistance to pay for primary and secondary schooling.

Payments are made directly to the schools. In most instances the fund will pay for half of the school cost with the family paying the other half.

Since educational loans are not available in Indonesia, JFI will also offer tuition assistance for qualified Latter-day Saint young adults to obtain post secondary school training. JFI loan recipients are expected to pay back into the fund once they have graduated and obtained work.

Donors will be sent a yearly report of how the funds were used. We encourage donors to consider arranging to make monthly direct deposits from their bank into the JFI bank account. This will guarantee a more constant supply of funds. You can also donate at our web site via PayPal or by sending a check to the address below. We are also happy to receive matching funds from employers.

Thank you for supporting this worthy cause. Supporting the educational endeavors of Latter-day Saints in Indonesia will have a lasting positive impact and will bless the lives of many for generations to come. We started in 2009.

Because JFI is an all-volunteer organization nearly all of the money donated goes to helping students. Only \$303 was spent on administration in 2015. Administration costs include expenses such as WEB hosting, bank and wire transfer fees, printing costs and the like. Students assisted by JFI apply and are officially accepted into the program before aid is provided. The program pays the student expenses directly.

The board of JFI expects expenses in the coming years to be approximately \$10,000 annually. We would like to target that amount in annual donations which will allow us to maintain a healthy balance so that we can respond to changes in demand from year to year.

We sincerely thank all those who have donated to JFI and we ask for your continued support so that we can continue this great service of ensuring that all of the young people of the Church in Indonesia receive a quality education.

Special thanks to Diandra Subandriyo and her team of LDS Business College students for helping to improve our social media outreach. Check out their great work on our Facebook page: <https://www.facebook.com/JareditaFoundation/>

JFI Update

Jimmy Lee is in his second year with our Jaredita Foundation team.

He serves as an international liaison to help our fundraising efforts annually. Jimmy was born in Jakarta, but has spent most of his life abroad.

Primarily he has lived in Singapore, Florida and New York. Furthermore, as a convert to the Church, he has served his mission in sunny Los Angeles.

He graduates this month with his MBA from BYU.

-ing my education. I feel calm because my schooling is paid and it lightens the burden of my parents. I am thankful for Jesus Christ and Heavenly Father who always protect my family and give us the gift of blessings.

Dari Medan, Lisna Winda Daeli:

Lisna Winda Daeli

I am thankful for all of my blessings from Heavenly Father. He really loves each of His children. I am grateful for the assistance from JEAP. I believe Heavenly Father gave these blessings to me.

With this help my parents are assisted in paying for my education. I will use these funds to the best of my ability. I believe this all comes from Heavenly Father.

I will continue to strive to achieve my goals. I don't take this assistance from JEAP for granted. I am thankful for all of the contributions of JEAP

Dari Medan, Edison Laso:

I am very grateful for the existence of JEAP, making it possible for me to finish high school and I am very blessed for this.

I never dreamed without this assistance, with work and my small wages, it would probably be difficult to pay for schooling. But through JEAP, all my schooling is completely paid for without debt.

I am also thankful for this assistance, very grateful. I hope the Lord answers all of the goodness of those who have assisted me so that many others can continue their education.

A brighter future through education

Provo, Utah

From Elder Subandriyo

Our education program has been running for three years now. What a blessing that is for many low income families to see their children progress in their education.

Most young people in Solo and Jogja now speak good English. We began teaching English to 7-12 year olds in Solo last year. In addition to English, we also provide students in Jogja and Solo with tutoring for science classes. All of these helps are done by college students who received help from JFI. Thank you so much for your ongoing generous contributions and support.

JFI: Helping Students Help Themselves

Over the past three years the Jaredita Foundation has helped many Indonesian children and young adults with educational assistance. We want to profile several of those recipients so that you can see who benefits from your donations.

Adam Utomo is in the sixth grade at Jagalan Elementary School in Surakarta (Solo). He enjoys playing soccer and hopes one day to become a professional soccer player. He works hard to find a balance between studying and soccer practice. He wants to join a soccer club, but since it might get in the way of preparing for his final exams, he has decided to wait until after the exams are over to join the club. He looks forward to going on to Junior High School. Serving a mission for the LDS Church is also a future plan. He is currently studying English to help him prepare to be a better missionary.

Novika Hany Lisyaningrum is a student at Junior High Number 13 in Solo. She expresses her thanks for the help she has received.

A brighter future through education

Provo, Utah

Beginnings of JFI

Not long after my return to the Bogor Branch in 2004, I was included in the Branch Council. Being away from Indonesia for quite some time, the Branch Council in Bogor gave me a different experience compared to what I had seen involved with in the U.S. The main problems for many members in Bogor and other branches in Indonesia are related to financial issues: unemployment, housing, providing food for family, school expenses for their children.

From personal experience, I knew about these issues, but my awareness increased when I started a visit with branch members in their homes. This gave me a much deeper understanding about their difficulties. My heart was moved to

JFI: What students you help are saying:

Over the past four years the Jaredita Foundation helped many Indonesian children and young adults with educational assistance. We profile several of those recipients so that you can see who benefits from your donations.

Sonia is the first JFI supported student to graduate from a university. Her course of study was English. This letter was written by her in English. It is amazing when I followed the Graduation ceremony and realized that I am Graduate from my study in Sebelas Maret University in English Department, Diponegoro III.

Mission Experiences in Bogor, a Pioneer Family, and the JFI

I had been a missionary in Bandung just over six months when I received my first transfer to Bogor on May 17, 1972. I was unceremoniously placed on a bus headed towards Jakarta and was told to leave the driver let me off at the Bogor city limits. The welcome sign (Selamat Datang ke Kota Bogor) was the designated meeting spot. It was quite a ride. There were chickens in bamboo cages next to me and a few sick ladies rubbing their necks with coins and using Tiger Balm to ward off colds (thank you again). I located a sight of relief two and a half hours later when the driver pulled off the road to let me out, not so much for the experience of the ride, it was for the fact that my fellow missionaries were

Dumalangs & Elder Larson in 1972

be formally organized as a branch and Bapak Sargaw would be set apart as the first president.

While my journal hints at some discouragement in my leaving Bandung (it was referred to as the rest camp of the

Kepada yth:

Terima kasih atas bantuan anda berantas rekan-rekan peminat yang ada di Amerika yang telah berbaik hati kepada kami mengutus gereja di Indonesia. I know that the Church of Jesus Christ of Latter Day Saints is the only true and living church. I know that My Redeemer lives. I'm so grateful to have brothers and sisters like you I'm so grateful because of the JEAP that could help children who need help. I know that Heavenly Father lives, and He loves His children. He reach and help us by you and your friend's kindness as return missionary who have served in Indonesia. I have to see the children who are helped could be more active to serve at the church. They always take the part to prepare and give the sacrament to the people every Sunday. One day I saw a mother cried proudly because she saw her son take a part of the sacrament meeting by give the sacrament to the people. On the other side, I'm so grateful that they could have a better education so they will have a better life in the future. So the church will fulfilled by educated people with better life I pray.

Four recipients helped by JEAP Foundation in Solo 2nd Ward of Surakarta Shale, left to right, JEAP facilitator Didi Nugraha, with recipients
