From Yogyakarta ...

Thank you in advance for the JEAP funds for our daughter, Arista Putri. This is very helpful for the learning continuity, especially in the midst of a pandemic, this means a lot to us. Hopefully soon the pandemic will be over and we can rise from the current situation. May Heavenly Father bless the donors with physical and spiritual health and are always be protected, thank you.

In line with the name and form of Jaredita Education Assistance Program, the recipients have felt the benefits. We feel very helped by the existence of this educational assistance program. As parents, we are very aware that education is one of the main provisions to compete in the search for a better job in the future. We as parents/recipient are very grateful to the donors who have high concern for the less fortunate members in their efforts to continue higher education. Hopefully the efforts that have been carried out in this program can make the beneficiaries more enthusiastic about their education, feeling the love from those who have been kind enough to contribute to the program. May God bless the generous donors, Amen.
